TECNICA BASSORILIEVO

TECNICA BASSORILIEVO

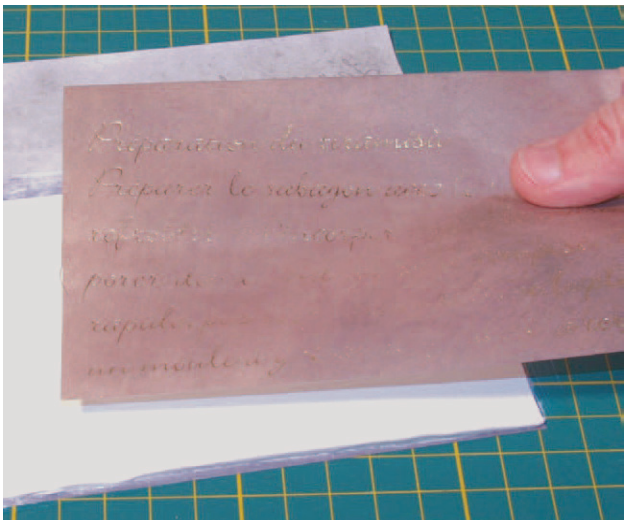

TÉCNICA BAJORRELIEVE | BAS RELIEF TECHNIQUE

Step 1
IT_Preparate il supporto con due mani di Primer per legno, lasciate asciugare e carteggiate. Colorate il piano del vassoio con Banana Cream utilizzando il Pennello Piatto n° 16. Suddividete il piano in 7 fasce tracciando il segno a matita; ritagliate dalla Carta Precious con il Cracklè tre strisce ed incollatele con la colla Satin alternandole al colore di fondo.

EN_Cut the three levels for the low relief tecnique out of the"Italian Confectionery" Precious paper. Paste the base level of the paper to the tray. Roll a modelling clay sheet out, obtain the silouhette from the 1st level then paste it on subject. Apply the correspondent subject on the back, press softly on the countous to accompany the modelling paste and trim the edges. Finalize the last level and let dry.

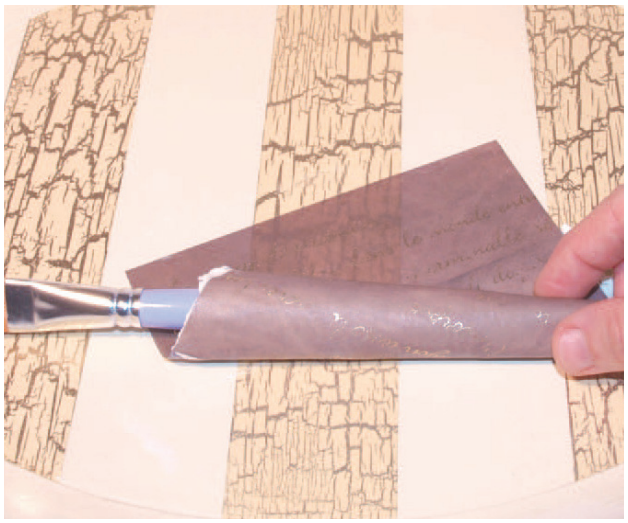

Step 2
IT_Ritagliate dalla carta Precious "Italian Confectionery" due pezzi di testo con le misure 14x14 cm e 9x14 cm. Stendete un foglio di pasta Bassorilievo e ricavate un rettangolo di 9x14 cm. Assemblate i tre pezzi con la colla Satin come mostrato nella foto.

EN_Cut two written 14X14 and 9x14 pieces out of "Italian Confectionery". Roll a modelling clay sheet and obtain a 9x14 cm rectangle. Assemble the three pieces using the Satin glue as shown in the picture.

STEP BY STEP

PASO A PASO | STEP BY STEP

Step 3
IT_Mentre la pasta Bassorilievo è ancora umida incollate la banda di foglio semplice al vassoio (studiatene prima la posizione), arrotolate quindi la parte con la pasta attorno al pennello. Rifinite i bordi premendo i lembi della carta ed eliminate la pasta in eccesso. Per mantenere il pezzo arrotolato aggiungete un po' di colla alla base.

EN_While the low relief modelling clay is still damp, stick the strip of simple paper to the tray (think about how to position it before), Then roll the part with the modelling clay around the brush. Trim the borders pressing on the paper corners and remove the surplus clay. To keep the rolled-piece in this position, add a little bit of glue at the base.

Step 4
IT_Dalla carta Precious "Italian Confectionery" ritagliate i tre livelli per la tecnica Bassorilievo della fetta di torta. Incollate il livello base della carta al vassoio. Stendete un foglio di pasta Bassorilievo, ricavate la sagoma del livello 1 ed incollatela sul soggetto. Applicate il soggetto corrispondente sul rilievo, premete delicatamente i contorni per accompagnare la pasta e rifilate i bordi. Completate l'ultimo livello e lasciate essiccare.

EN_Cut the three levels for the low relief tecnique out of the"Italian Confectionery" Precious paper. Paste the base level of the paper to the tray. Roll a modelling clay sheet out, obtain the silouhette from the 1st level then paste it on subject. Apply the correspondent subject on the back, press softly on the countous to accompany the modelling paste and trim the edges. Finalize the last level and let dry.

Step 5
IT_Dipingete il bordo del vassoio con Porto Red e con il colore metallizzato Lingotto aggiungete le fasce. Ingrandite con la fotocopiatrice la scritta e tramite la carta grafite e lo stilo riportatela sul vassoio.

EN_Paint the tray border using Porto Red and add the stipes using the silver Lingotto colour. Make the writing bigger by photocopying it and transfet it on the tray using the Duble stylus and the black-lead paper.

Step 6
IT_Con il pennello tondo n° 6 e Porto Red dipingete la scritta. Diluite leggermente Burnt Umber e con il Pennello Tondo n°3 dipingete l'ombreggiatura alla base dei soggetti e rifinite gli spessori. Applicate una mano di Vernice Aquagel Opaca.

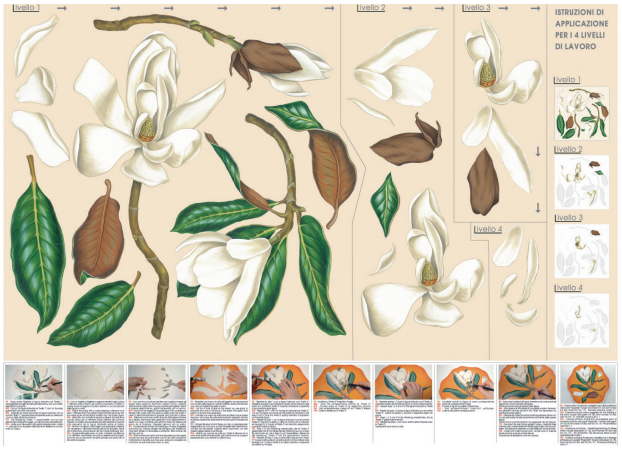

EN_Using n° 6 round brush and Porto Red colour, paint the writing. Water Burnt Umbe paint down and, using n° 3 round brush, paint the shading at the base of the subjects and trim thicknesses. Apply one coat of Aquagel matt varnish.

TECNICA BASSORILIEVO

TÉCNICA BAJORRELIEVE | BAS RELIEF TECHNIQUE

Step 1
IT_Stendere sui pannelli una mano di Primer per legno con il pennello per fondi e lasciare asciugare. Carteggiare la superficie con la spugna abrasiva grana media e spolverare. Con il pennello Hobby Lilla, stendere due mani di colore Lucy in the Sky, lasciando asciugare tra una mano e l'altra.

EN_Apply a coat of Wood primer on the panels with the background brush. Let it dry. Sandpaper the surface using a medium-grain abrasive sponge and remove dust. With the Hobby Lilac brush, apply two coats of Lucy in the Sky. Let it dry between coats.

Step 2
IT_Ritagliare la carta con il disegno della casa rossa e suddividerla in tre pezzi. Incollare i ritagli sopra i pannelli di legno e lasciare asciugare.

EN_Cut the paper with the drawing of the red house, and divide it into three pieces. Glue the cut-outs to the wooden panels and let dry.

STEP BY STEP

PASO A PASO | STEP BY STEP

Step 3
IT_Colare poco To-Do G all'interno dei disegni da realizzare in rilievo, spingendolo con una spatolina fino ai margini. Entro mezz'ora circa il prodotto si gonfierà al contatto con l'umidità presente nell'aria e si indurirà.

EN_Pour a little To-Do G into the drawings to be done in relief, pushing it to the edges using a spatula. In about half an hour the product will increase in volume on contact with air moisture, then it will harden.

Step 4
IT_Ritagliare e incollare i soggetti in carta relativi al secondo livello sopra ai rilievi realizzati. Per agevolare l'adesione eseguire dei piccoli tagli lungo i margini della carta. Procedere come sopra alla realizzazione del terzo livello.

EN_Cut and paste the paper figures of the second level on top of the reliefs created. To facilitate sticking, make small vertical cuts along the edges of the paper. Proceed as above to do the third level.

Step 5
IT_Con il colore Nelson Blue dipingere il bordo dei pannelli. Con lo stesso colore e il pennello piatto n° 22 realizzare delle ombreggiature lungo i margini esterni.

EN_Use Nelson Blue to paint the edge of the panels. With the same colour and flat brush n° 22 do the shading of the outer edges.

Step 6
IT_Con uno spazzolino spruzzare su tutto il lavoro il colore Titanium White, diluito con acqua, creando l'effetto nevicata e lasciare asciugare. Stendere una mano di vernice Touchme e, una volta asciutta, realizzare i dettagli in rilievo con la penna neve. Con la spatolina stendere poi la pasta neve. Montare infine i pannelli con la corda.

EN_Using a brush, spray with the Titanium colour diluted with water on the whole work to create a snowfall effect. Let dry. Apply a coat of TouchMe varnish and, when dry, do the raised details using the snow pen. Use the spatula to spread the snow paste. Finally mount the panels with the cord.

IT_Colla acrilica formulata appositamente per il découpage, perfetta sia su superfici lisce che porose. Stendere la colla sul supporto da decorare o direttamente sul retro del ritaglio aiutandosi con un pennello per colla. Posizionare il ritaglio, ricoprirlo di colla pressando la carta per far sparire eventuali bolle o grinze con un pennello o con un rullo pressa carta. Una volta asciutta diventa completamente trasparente senza lasciare aloni.

EN_Acrylic glue specifically formulated for the découpage technique, perfect both for smooth surfaces and for porous ones. With a brush for glue, lay a coat of SATIN GLUE directly on the surface or on the back of the paper silhouette. Place the paper on the surface and then lay one more coat of glue on the paper pressing with the glue brush in order to push out any "air bubble" from underneath the paper. Once dry, it becomes completely transparent and halo free.

ES_Pegamento acrílico formulado especificadamente para el découpage, perfecto para las superficies lisas y para las porosas. Extender el pegamento sobre el suporte por decorar o directamente en la parte trasera del recorte, con la ayuda de un pincel para pegamento. Posicionar el recorte, cubrirlo con pegamento aplastando el papel para eliminar eventuales burbujas de aire o encrespaduras, con un pincel o con un rodillo para aplastar papel. Una vez seco, se pone completamente transparente sin dejar halos.
