Parola d'ordine per il 2018:

think pink!

Il colore più femminile in assoluto negli ultimi anni è anche il più alla moda, con designer di tutto il mondo che lo celebrano nelle loro creazioni in tutte le sue nuances. È un tono di rosa ironico e sbarazzino quello che

Fleur propone per il 2018.

Un tocco di colore strepitoso in grado di catturare l'attenzione di chiunque.

È il nuovo Millennial Pink, che abbandona le sfumature pastello degli ultimi anni e diventa spigliato, irriverente e un po' monello.
